Q.1 Read the passage and answer the following questions:-

People all over the world have become aware of the harm caused by pollution. So, they are growing more trees to purify air and to absorb noise. They have stopped using plastic bags. There are strict laws for factories to control pollution. The factory owners are warned against throwing waste into rivers and lakes. In cities like Delhi, some vehicles are allowed to be run only on CNG (Compressed Natural Gas) so that the air is not polluted. Moreover, the vehicle owners have to get their vehicles checked from time to time to make them pollution free. If they don't, they have to pay a fine. Unfortunately, not many people are aware of the ill effects of noise pollution. So, only in a very few cities or towns, there are provisions of fine for playing loud music in public places. Before it is too late, let us all take care of these problems and make the world a better place to live in.
