

**Delhi Public School, Jammu**  
**Syllabus Break-Up Month Wise**  
**Session (2023-24)**

Subject: Economics

Class: XI

Learning Outcomes	Month	Chapters
<p>1. The students will be able to understand the concept of Economy, types of economies and central problems of Economy . Also the concept of Total utility and Marginal utility and Consumer's Equilibrium .</p>	April	<ul style="list-style-type: none"> <li>• Chapter 1- Introduction to Micro Economics</li> </ul> <p>Foundation Worksheet</p> <ul style="list-style-type: none"> <li>• Chapter 2-Consumer's Equilibrium using cardinal Approach</li> </ul> <p>Kahoot Quiz on Consumer's equilibrium</p> <hr/>
<p>2. They will be able to discuss the concept of Budget set and budget line along with Indifference curves.</p>	May	<ul style="list-style-type: none"> <li>• Chapter 2(contd.)- Consumer's Equilibrium using ordinal Approach</li> </ul> <p>Revision and sample paper</p> <ul style="list-style-type: none"> <li>• Chapter 3- Theory of Demand</li> </ul> <p>Revision and sample paper</p> <hr/>
<p>3. They will also be able to understand the Law of Demand and factors affecting demand.</p>	July	<ul style="list-style-type: none"> <li>• Chapter 4- Production function, Cost and Revenue</li> </ul> <p>Economics Project</p> <hr/>
<p>4. The students will be able to understand the concept of the Law of variable proportions and different types of cost in the short run along with producer's Equilibrium .</p>	August	<ul style="list-style-type: none"> <li>• Chapter 5- Theory of Supply</li> <li>• Forms of Market and Equilibrium price</li> </ul> <p>PPT on Forms of Market.</p> <hr/>
<p>5. The students will be able to understand the concept of Supply , Law of supply and related concepts. Also concept of perfectly competitive Market and Market equilibrium.</p>	September	<ul style="list-style-type: none"> <li>• Chapter 6- Introduction to Statistics</li> </ul> <p>Revision and sample paper</p> <hr/>
<p>6. They will be able to understand the concept of Statistics in singular and plural sense, Importance of statistics.</p>	October	<ul style="list-style-type: none"> <li>• Chapter 7-Collection of data</li> </ul> <p>Case study on collection of data</p> <hr/>
<p>7. The students will be able to understand the sources of Primary and Secondary data.</p>		

<p>8. The students will be able to organize different types of series and organize them . They will be able to understand tabular and diagrammatic presentation of data.</p> <p>9. The students will be able to solve practical problems on Mean, Median and Mode using formula.</p> <p>10.The students will be able to solve practical problems on Correlation using Karl pearson’s and Spearman’s Rank difference method. Also calculating Index numbers using Aggregative expenditure and Family budget method.</p>	November	<ul style="list-style-type: none"> <li>Chapter 8-Organisation of Data and Presentation of Data Practical Assignment</li> </ul>
	December	<ul style="list-style-type: none"> <li>Chapter 9-Measures of Central Tendency Practical Assignment</li> </ul>
	January	<ul style="list-style-type: none"> <li>Chapter 10-Correlation and Index Numbers Practical Assignment</li> </ul>
	February	Revision and sample paper

### EXAM SCHEDULE

#### SYLLABUS OF FORMATIVE ASSESSMENT-I

Chapter 1: Introduction to Micro Economics

Chapter 2: Consumer Behaviour and Demand

#### SYLLABUS OF HALF YEARLY EXAMINATION

UNIT 1: Introduction to Micro Economics

UNIT 2: Consumer Behaviour and Demand

UNIT 3: Producer Behaviour and Supply

UNIT 4: Forms of Market and Equilibrium price

UNIT 5: Introduction to Statistics

#### SYLLABUS FOR PERIODIC TEST-II

UNIT 6: Collection

UNIT 7: Organisation of Data

#### SYLLABUS FOR ANNUAL EXAMINATION

Full syllabus

BOOK1- Micro Economics.

BOOK2- Statistics For Economics.
