HOLIDAY FUN

SUMMER HOLIDAY HOMEWORK

CLASS-II

Dear Parents,

Exciting time is here again! It's time for Summer Vacation and fun filled activities. 'Children are reservoirs of potential which needs to be tapped and channelized in diverse ways'. We at DPS, Jammu feel that it is very important to fire their imagination and foster an outlook that helps them explore, discover and rediscover the world around them. Children should be encouraged to develop intellectually and physically. Summer Vacation is the best and fruitful time for learning and for nurturing creativity.

A few suggestions that you may keep in mind:-

- Spend quality time with your children. Take them for outings and walks. They will realize that they have two of God's greatest gifts **NAUTRE** and **FAMILY**. Do not forget to thank God for these gifts.
- Inculcate the feelings of empathy, affection and tolerance in your children. Sensitize them about the pain of others and to help everyone as and when possible. Give them a chance to look after you and their younger brothers and sisters. Teach them to love and respect their elders. Take time to visit an orphanage and home for the aged and explain about these places.
- Books are our best friends. Subscribe for your ward, good children's magazine available in the market and encourage them to read it. Reading will boost their interpretative skills and provide them with valuable literary experience.
- Cultivate the spirit of sportsmanship in your wards by giving them exposure of outdoor games.
- As you know, Summer Vacation is the time for recreation, let us spend it in the lap of nature, filled with fun and knowledge.
