## SECTION A (READING)

**Q1) Read the following passage carefully and answer the questions that follow.**

A group of friends set off on a summer vacation to an island in the middle of a vast lake. The island was said to be mysterious, with stories of hidden treasures and magical creatures. The group, excited by the tales, decided to explore the island.

As they walked through the dense forest on the island, they discovered strange footprints in the mud. They followed the trail, hoping it would lead them to something amazing. Soon, they arrived at an ancient stone door covered in moss. The door seemed to be waiting for someone to open it.

After much discussion, the group decided to try and open the door. Using all their strength, they pushed the heavy stone door, which creaked open to reveal a hidden cave. Inside the cave, they found old maps, gems, and ancient relics. They were overjoyed and excitedly began to explore further.

But then, a strange voice echoed through the cave, warning them not to take the treasures. It said, "The true treasure of this island is not gold, but the adventure itself. Leave the treasures and take the lesson with you." The group paused and looked at each other, realizing the voice was right. They left the gems and relics behind, deciding that the real treasure was the journey and the memories they had made together.
