AND COMPUTER**

A decorative border surrounds the central text. At the top, there is a yellow notepad with a pencil, a pair of scissors, a red apple, a yellow pencil, and a blue crayon. On the left side, a girl in a blue dress and hat is reading a book. At the bottom, three children are shown: a girl with dark hair reading a pink book, a girl with dark hair and a red bow holding a yellow ruler, and a boy with blonde hair reading a brown book.

SUBJECT: ENGLISH&MATHS

Title: “The Magical Market Adventure”

English – Story writing, vocabulary, sentence formation

Maths – Addition, subtraction, multiplication, money

Objective:

To enhance language skills and mathematical understanding through a story-based activity that involves real-life applications of maths.

Story Writing (English):

Write an imaginary short story about a visit to a magical market. Include at least three different shops (e.g., a candy shop, toy shop, fruit shop).

Make a bill for the items bought.

Example

Item	Quantity	Price per item	Total
. Toy car	2	₹50	₹100
Chocolate	5	₹10	₹50

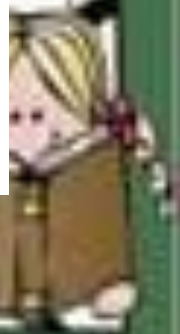

Calculate the total amount spent.

If you had ₹500, find out how much money is left.

Write your story neatly on an A4 sheet .

Draw or paste pictures of the items.

Prepare your bill .
