JAMMU**

SESSION 2025-26

CLASS III

FUN IN HOLIDAYS

**SUBJECT: ENGLISH, EVS, HINDI, MATHS
AND COMPUTER**

English and Maths

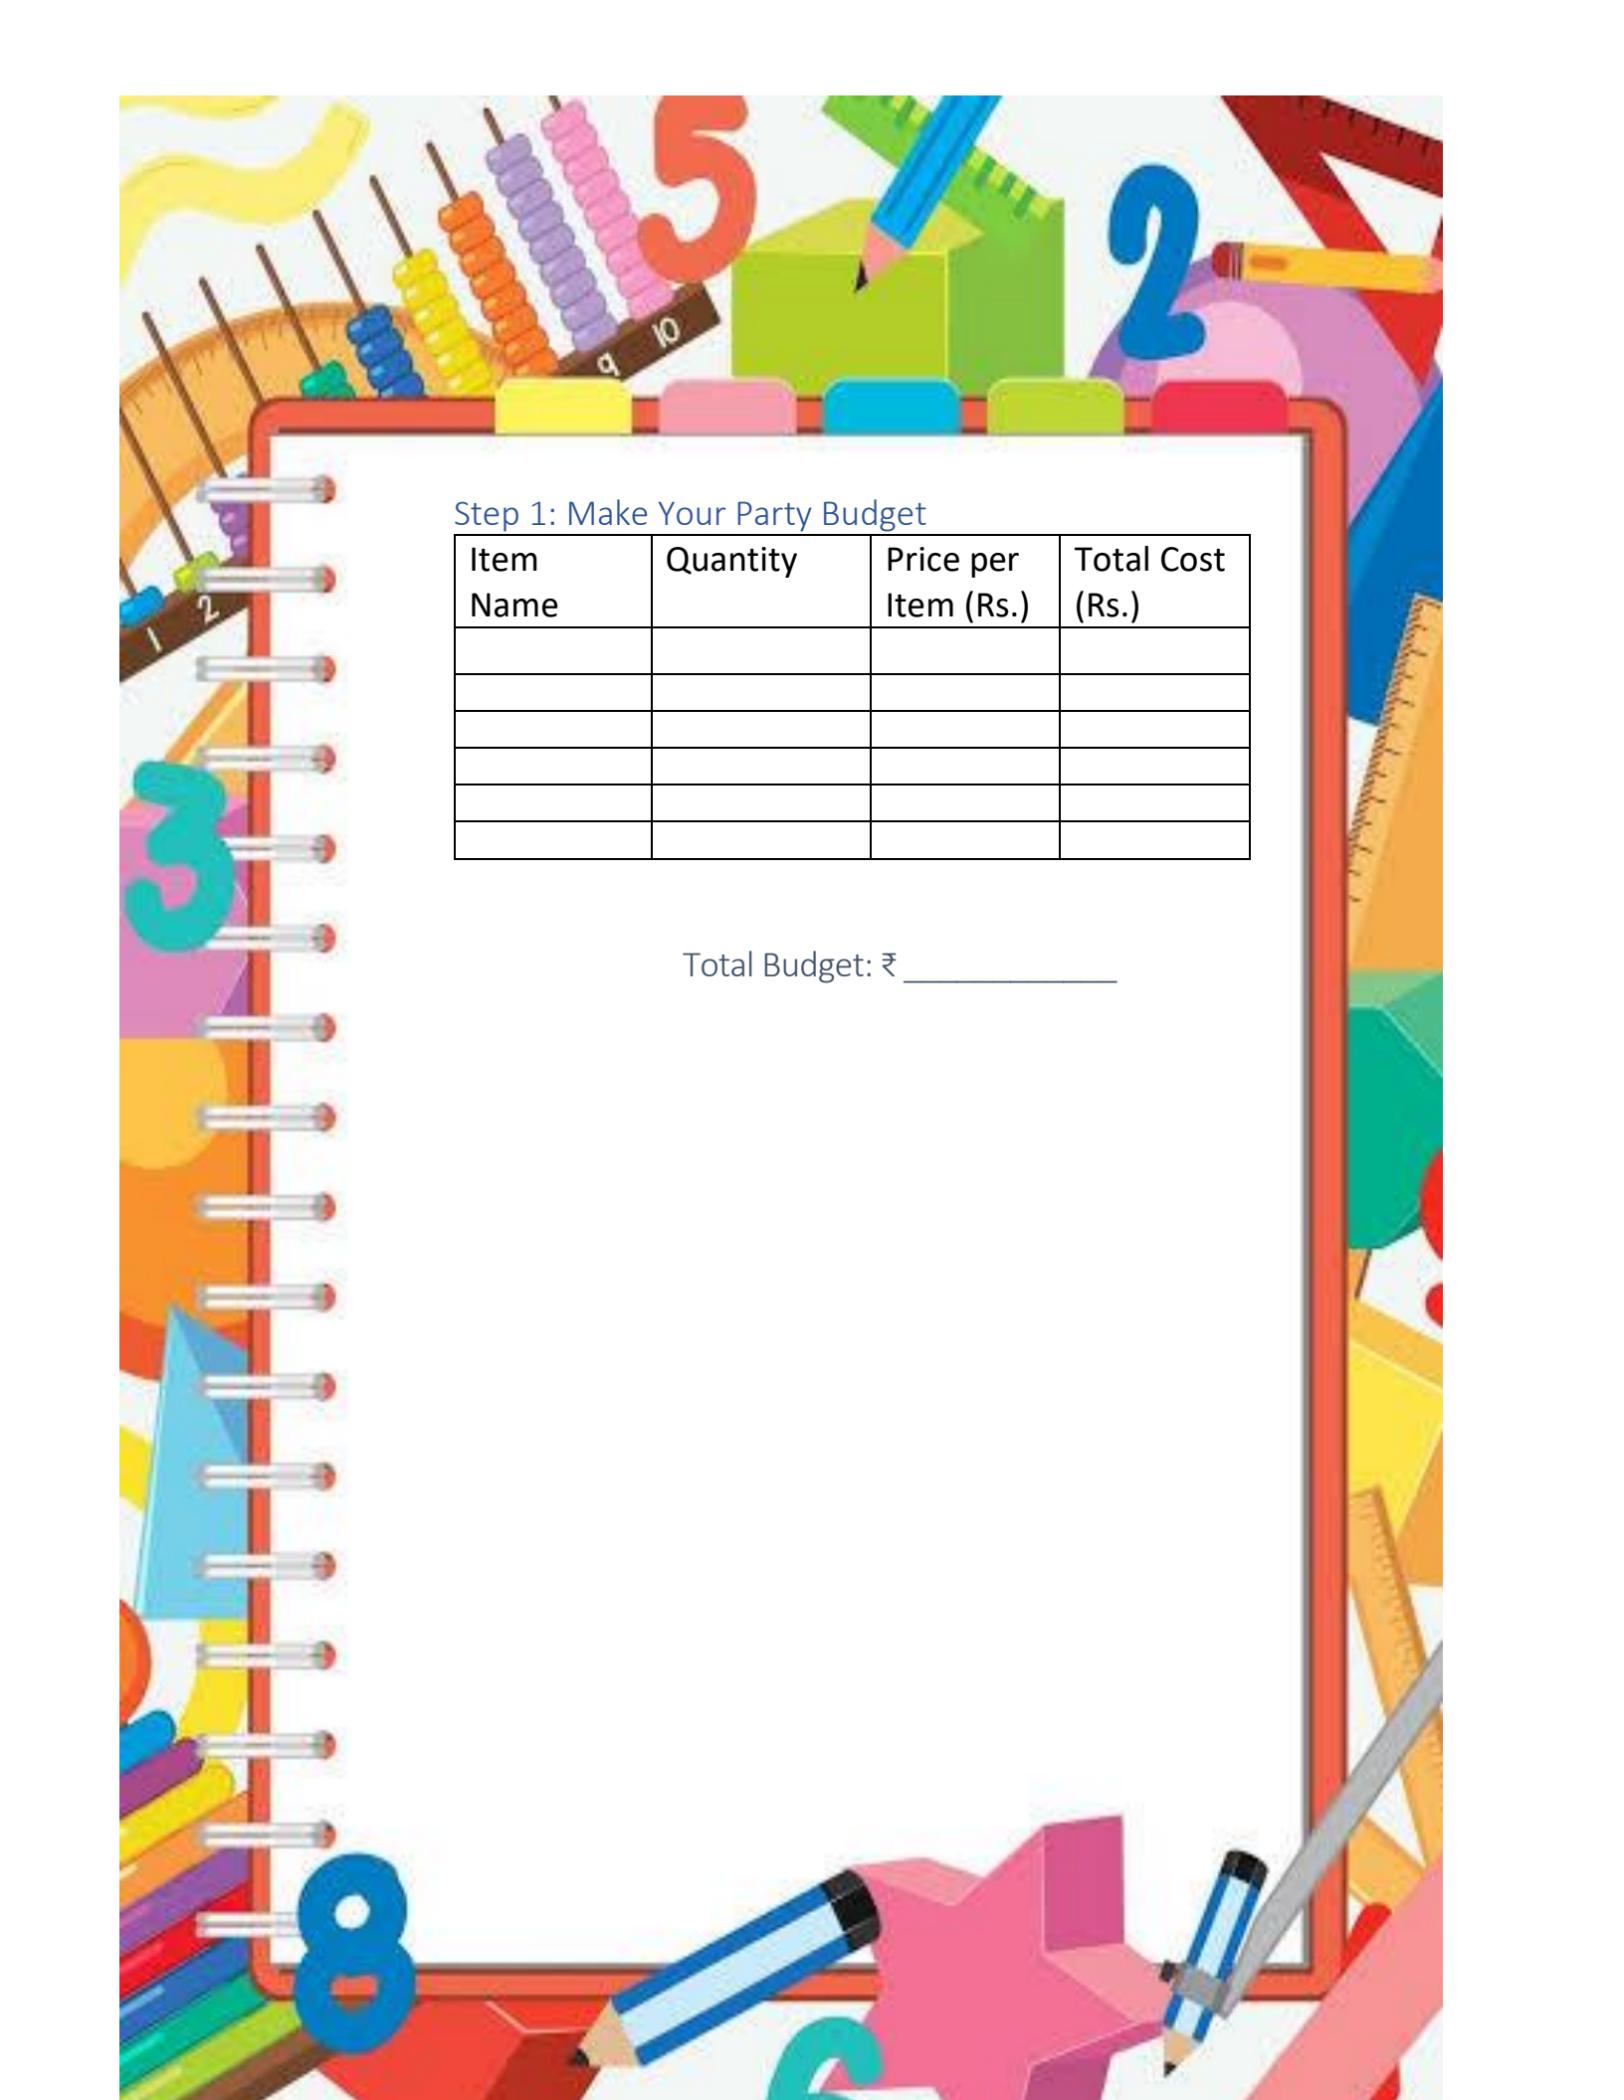

Activity: My Birthday Party Plan (Budgeting Fun)

Instructions:

You are planning a fun birthday party for 5 of your friends!

1. Think of at least 5 items you would buy for the party (like cake, balloons, plates, return gifts, juice).
2. Decide the quantity and price for each item.
3. Calculate the total cost using multiplication.
4. Add all totals to get your full budget.
5. Write a paragraph inviting your friends to your birthday party!

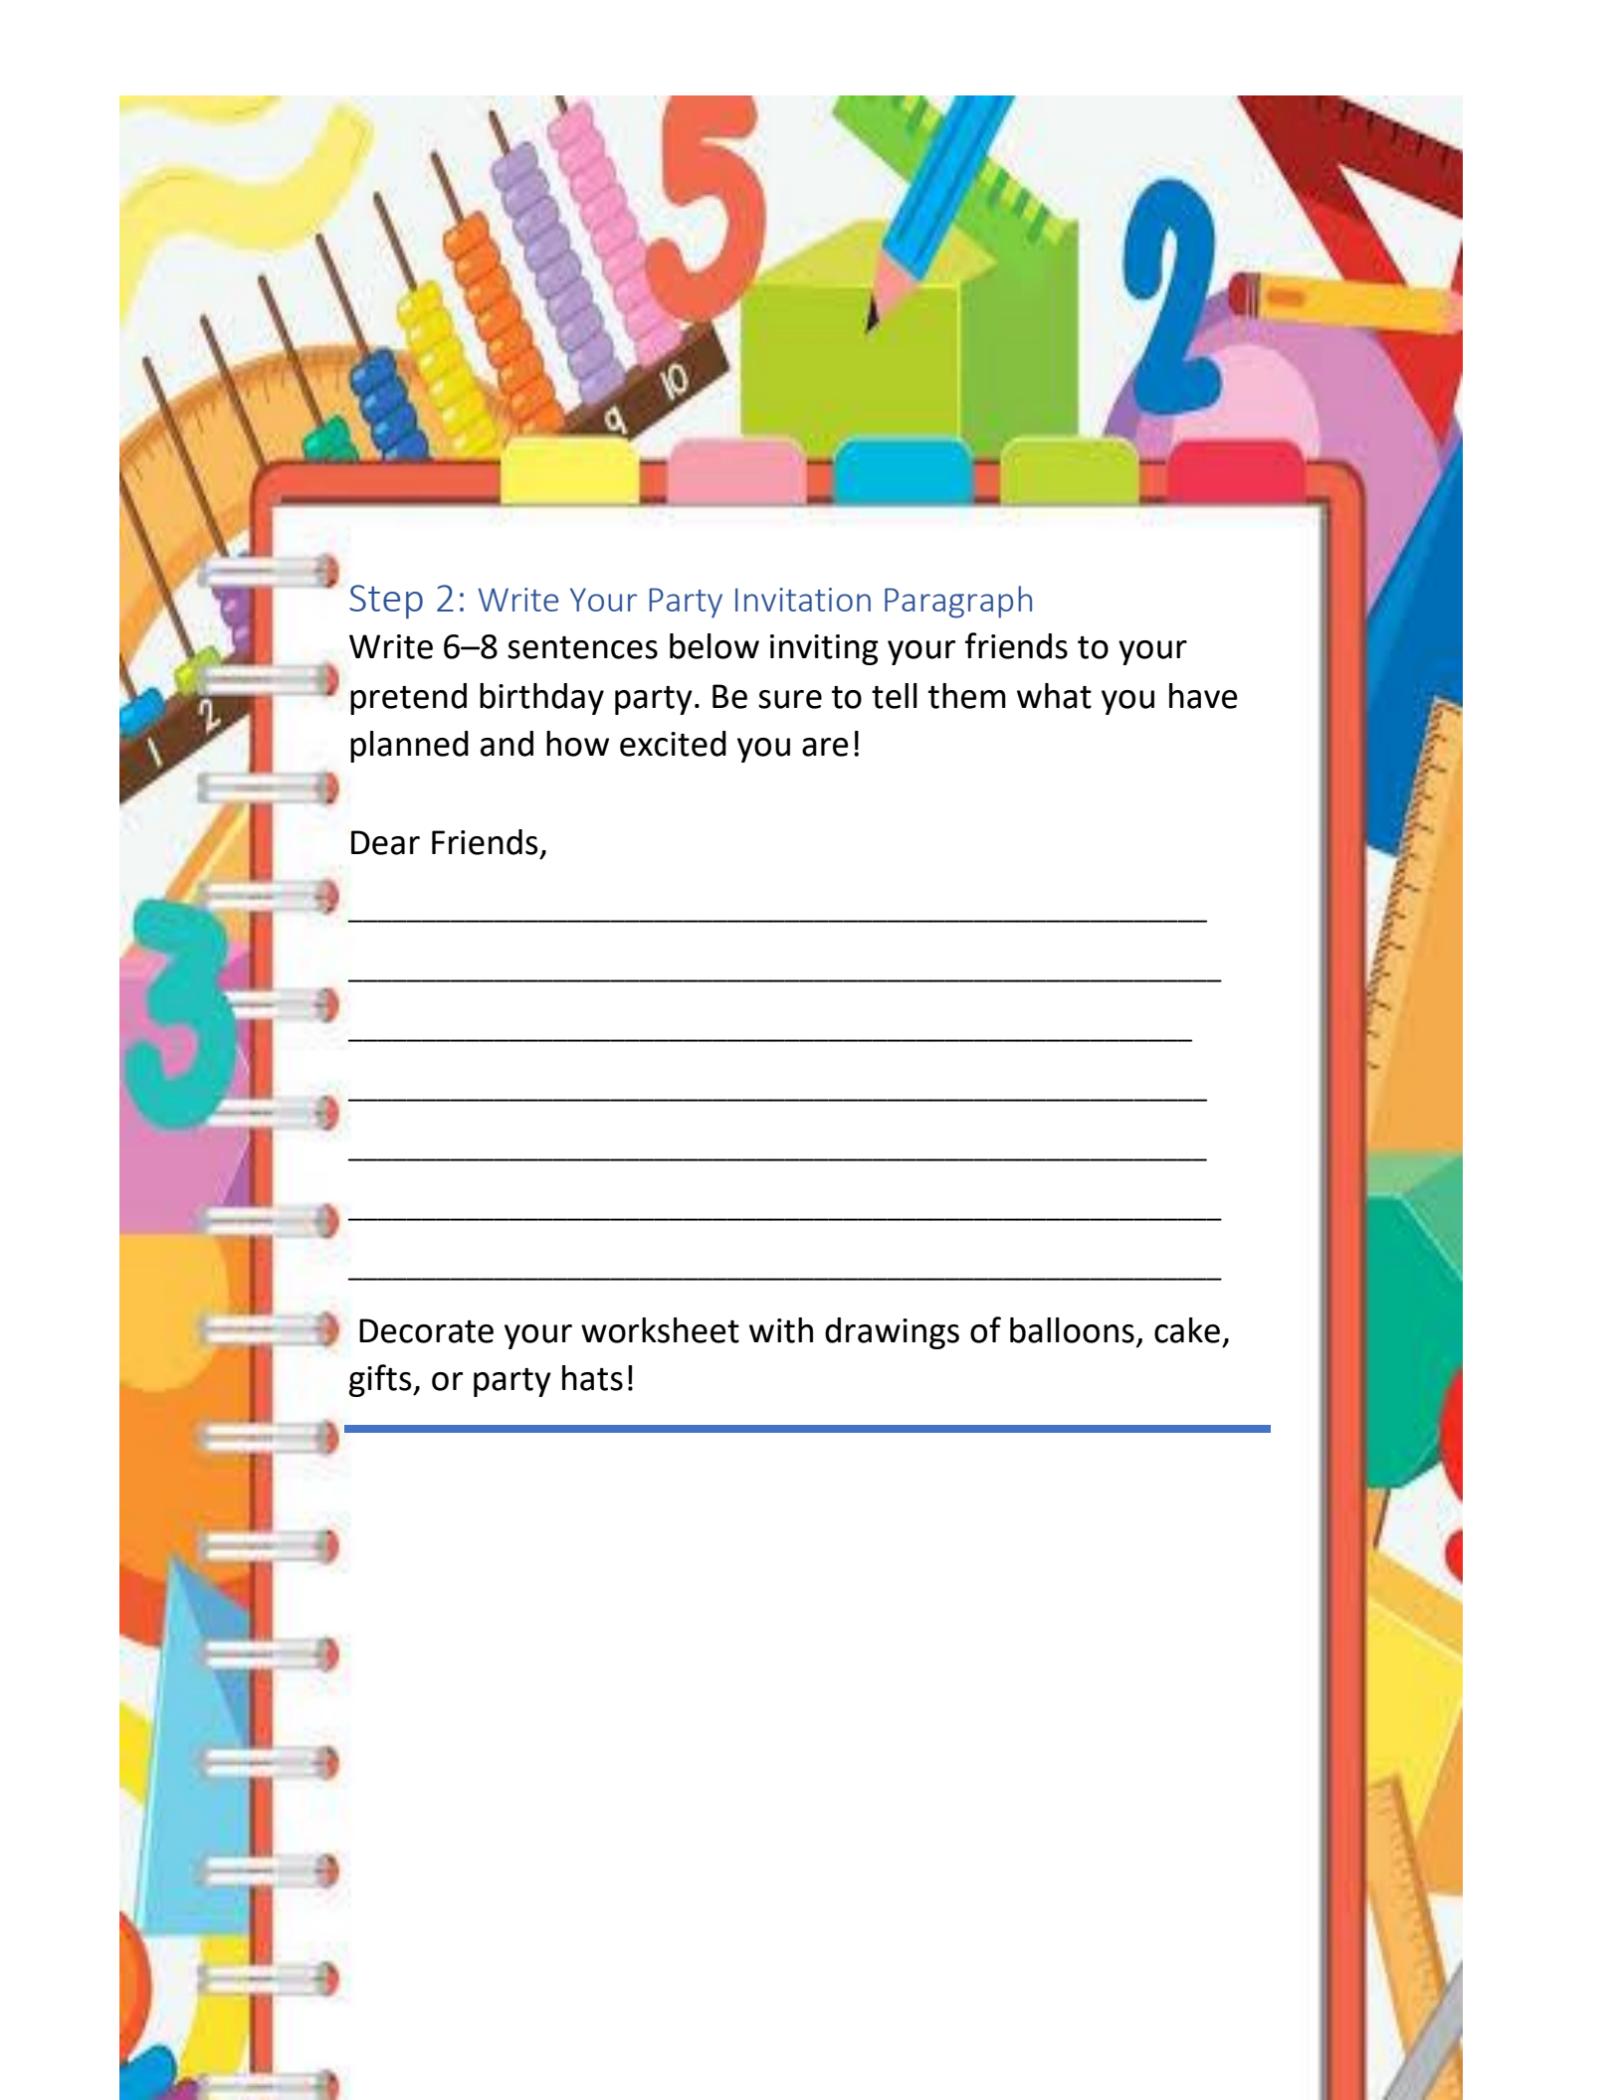

Step 1: Make Your Party Budget

Item Name	Quantity	Price per Item (Rs.)	Total Cost (Rs.)

Total Budget: ₹ _____

Step 2: Write Your Party Invitation Paragraph

Write 6–8 sentences below inviting your friends to your pretend birthday party. Be sure to tell them what you have planned and how excited you are!

Dear Friends,

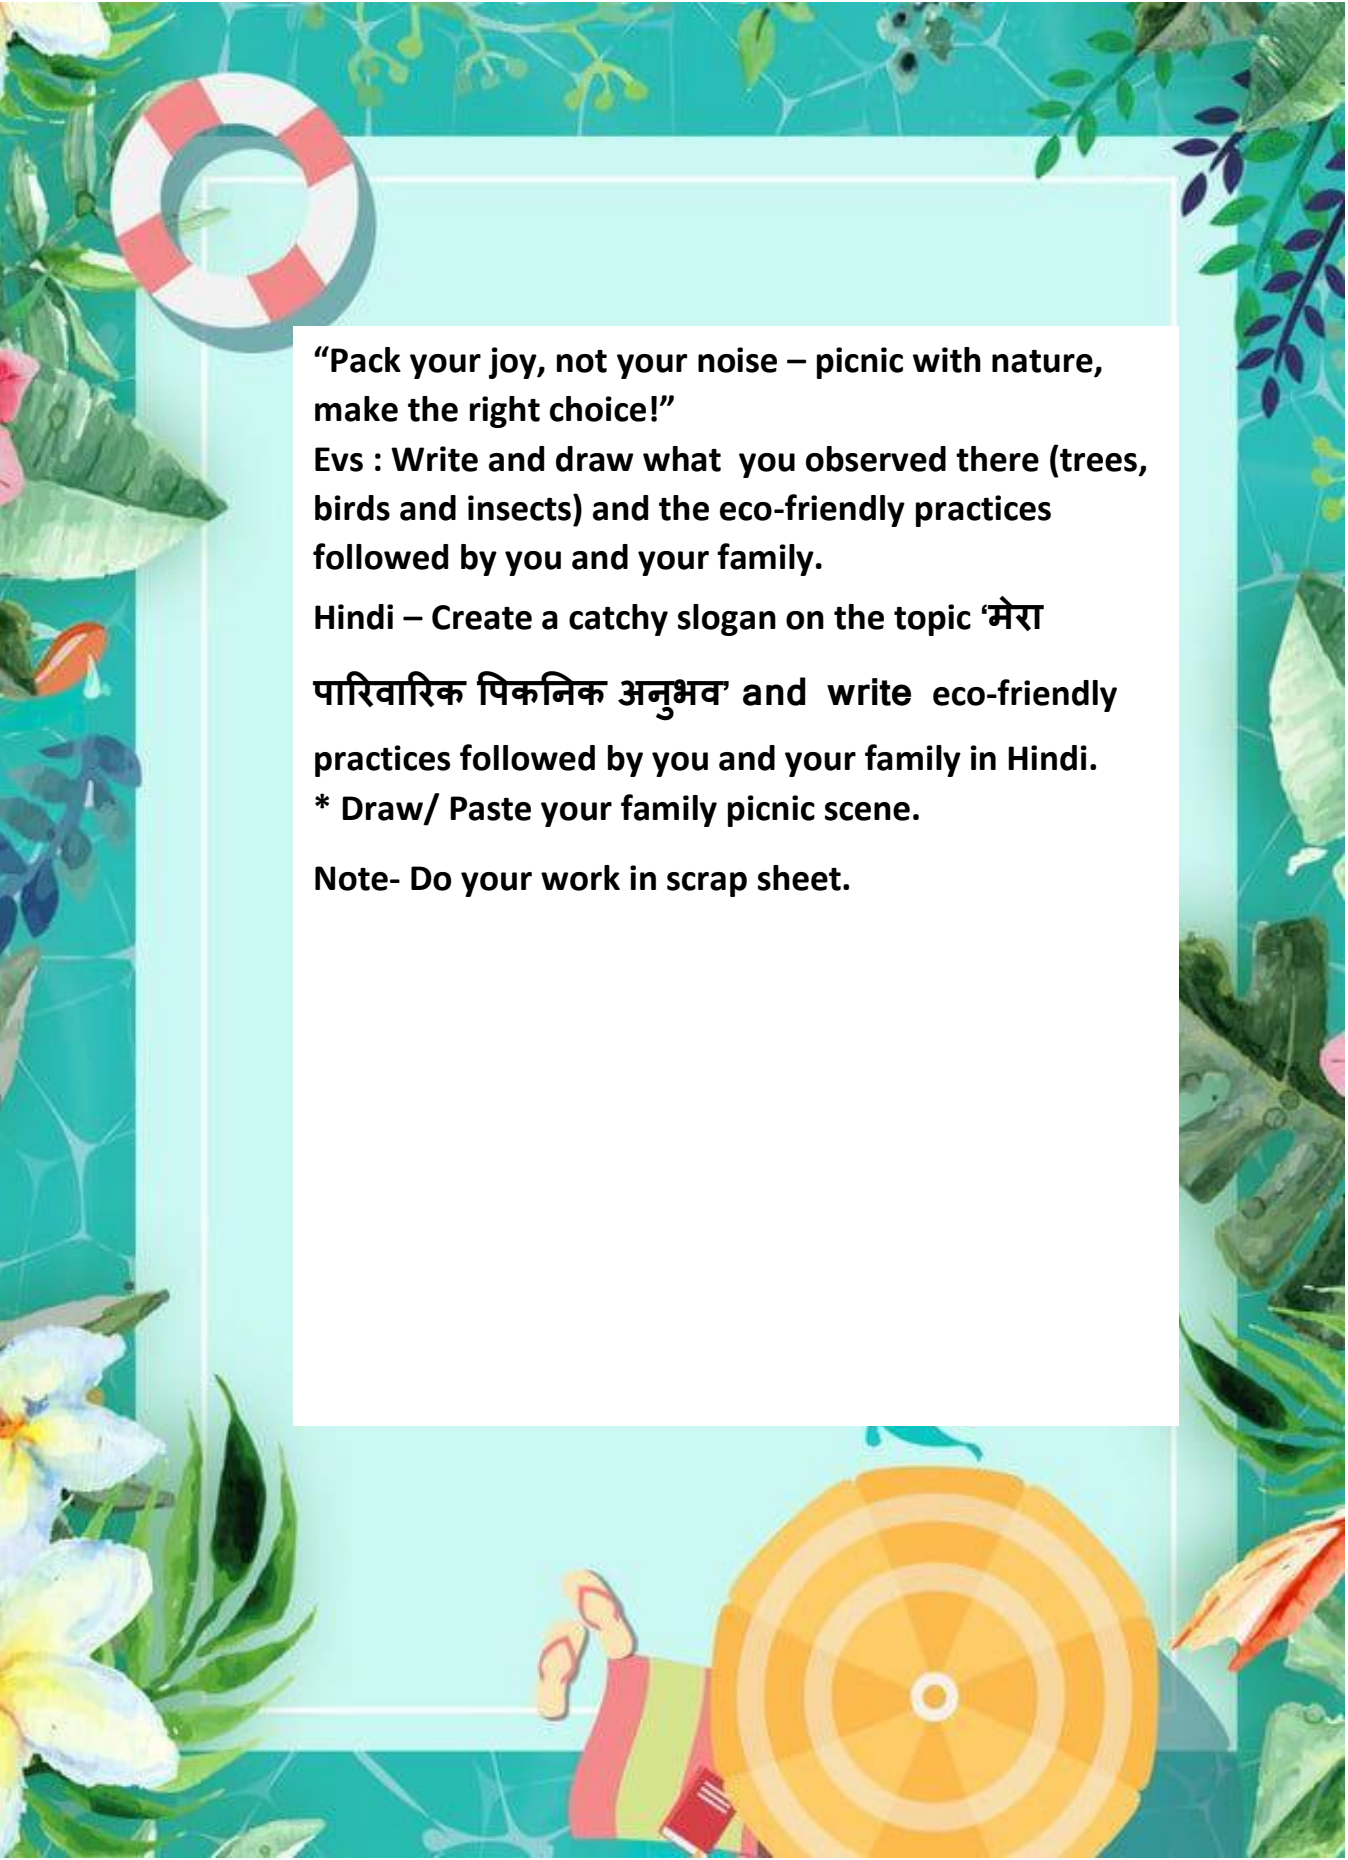

Decorate your worksheet with drawings of balloons, cake, gifts, or party hats!

EVS AND HINDI

“Nature’s lap, the perfect picnic map!”/प्रकृति से दोस्ती, सेहत और मस्ती

“Pack your joy, not your noise – picnic with nature, make the right choice!”

Evs : Write and draw what you observed there (trees, birds and insects) and the eco-friendly practices followed by you and your family.

Hindi – Create a catchy slogan on the topic ‘मेरा पारिवारिक पिकनिक अनुभव’ and write eco-friendly practices followed by you and your family in Hindi.

*** Draw/ Paste your family picnic scene.**

Note- Do your work in scrap sheet.

"Fun with Shapes and Designs in MS Paint"

Shape Garden

Goal: Create a garden using shapes like circles (flowers), rectangles (stems), and triangles (leaves).

- Draw one flower with stem and leaves.
- Copy and paste to make a total of 5 flowers.
- Use different sizes and colors.
- Save as: YourName_Task1_Garden.png

Math Connection: Count the total number of each shape used (e.g., 5 circles, 5 triangles) and write it on the drawing using the "Text" tool)

Magic Mirror (Symmetry Art)

Goal: Create a simple drawing (e.g., half of a butterfly or a face), then copy and flip horizontally to complete the other half.

- Use the Flip Horizontal tool to make a symmetrical image.
- Save as: YourName_Task2_Symmetry.png

Math Connection: Discuss the line of symmetry (you can draw it using the line tool).

“Learn, Revise And Be-Wise”

English : L-3 The Generous Willow Tree

Grammar: Kinds of Nouns, Parts of sentences.

Maths – L-1 Numbers

Revise Tables upto 15.
