

DELHI PUBLIC SCHOOL JAMMU
ASSIGNMENT

CLASS: XI

SUBJECT: GEOGRAPHY

Q1. Name the two tributaries which join to form river Ganga.

Q2 .Give any two reasons for the decline of wildlife in India

Q3. What is relative humidity?

Q4. What is the significance of ozone in the atmosphere?

Q5. Give any two uses of tides.

Q6. Give any two differences between forest cover & forest area.

Q7. What are biological natural disasters?

Q8. Name the highest peak of southern India.

Q9. Give any two effects of global warming.

Q10. Which of the following longitudes is the standard meridian of India?

[a] 63 30 E [b] 76 30 E [c] 82 30 E [d] 94 30 E

Q11. With the help of diagrams explain spring & neap tides

Q12. Define the following:

[a] food chain [b] endangered species [c] biodiversity

Q13. [a] Discuss any four measures to deal with landslides.

[b] Discuss any two consequences of drought.

Q14. Discuss any three factors that affect the temperature on the surface of the earth.

Q15. Discuss any six effects of the earthquake on the surface of the earth.

Q16. Define the following terms:

i] weathering ii] top soil iii] exogenic forces iv] landslide

v] rockfall vi] gradation

Q17. With the help diagrams explain how land & sea breeze takes place.

Q18. Discuss the three stages involved in disaster mitigation & management.

Q19. With the help of diagrams explain the following features

[i] delta

[ii] beach

- Q20. Why is there time difference of nearly two hours between the western & the Eastern most parts of India?
- Q21. Name the two important lakes of the Kashmir Himalayas.
- Q22. Give any two methods to conserve soils.
- Q23. What do mean by farm forestry?
- Q24. What are meteorological droughts?
- Q25. What is thermocline?
- Q26. What do you mean by dew?
- Q27. Which of the following rivers flow through a rift valley:
[i] Narmada [ii] Chenab [iii] Godavari [iv] Yamuna
- Q28. Which one of the following states of India have neither the international boundary nor a coastline:
[i] Gujarat [ii] Bihar [iii] Rajasthan [iv] Madhya Pradesh
- Q29. [i] What do you understand by the term foodweb?
[ii] Discuss the economic role of biodiversity.
- Q30. With the help of a diagram explain how the following features are formed:
[i] continental shelf [ii] mid-oceanic ridge
- Q31. [i] Discuss important characteristics of the troposphere.
[ii] What do you mean by terrestrial radiation?
- Q32. [i] Discuss any two human & two natural causes of flood.
[ii] Name the two districts of Rajasthan which fall under Extreme Drought Affected Areas .
- Q33. Explain the following process of weathering:
[i] carbonation [ii] expansion & contraction due to temperature changes
- Q34. [i] Discuss the significance of ozone in the atmosphere.
[ii] Discuss any four effects of global warming.
- Q35. Discuss the three stages involved in disaster mitigation & management.

Q36. [i] Give any two direct evidences of the interior of the earth.

[ii] Discuss the important characteristics of the core.

Q37. With the help of diagrams explain stalactites & stalagmites

Q38. Write the names of the relief features marked on the map given as 1 to 6

Q39. [i] With the help of diagrams explain land & sea breezes.

[ii] How is Equatorial low pressure belt formed?

Q40. [i] Distinguish between eastern & western coasts. [4 points]

[ii] What do you mean by river basin?

[iii] With the help of a diagram explain dendritic pattern of drainage.

Q41. With the help of a diagram explain permanent wind belts of the earth.

Q42. [i] Why Rajasthan receives very low rainfall?

[ii] Discuss the Hot Weather season under the following headings:

1) months 2) temperature conditions 3) pressure conditions 4) precipitation

Q43 On the given outline map of India mark the following:

1) River Indus

2) Manas biosphere reserve

3) laterite soils

4) Capital of Andhra Pradesh

5) Gulf of Kutch
