## SESSION 2019-20
# HOLIDAY FUN
## SUMMER HOLIDAY HOMEWORK

**CLASS-III**

**Dear Parents,**
It is very important to fire children's imagination and foster an outlook that helps them to explore, discover and re-discover the world around them. Summer Break is the best time to develop hobbies, skills and to do stimulating, exciting and thought provoking activities as a family. We hope that under your able guidance, children will utilize their time fruitfully and come back healthy and energized to happily embark on their educational journey after vacations.

## A few suggestions that you may keep in mind:-

- **Inculcate Responsibilities:** These young minds can be taught to do small jobs and develop a sense of responsibility. They can do activities like- filling the water bottles, dusting , watering plants, taking care of their pets, cleaning their cupboards, arranging their toys etc.
- **Explore nature:** Take your child for outings and walks. Spending time in the lap of nature can be very refreshing .It is important for them to be grateful for two of the God's greatest gifts- **NATURE** and **FAMILY**.
- **Books our friends:** Reading makes children smarter as it keeps brain active and engaged in a thought process and makes them more knowledgeable. Inculcate the habit of reading books, newspapers as it will help your child to improve upon his/her vocabulary which is a great tool in learning languages.
- **Family Bonding:** Holiday traditions are a great way for families to connect and spend time together. Spend quality time with your children. Teach them to love and respect their elders. Give them a chance to look after their grandparents and siblings.
- **Good manners is the key:** Inculcate good manners and healthy habits in your children. Ask them to practice magic words – **Please, Sorry, Excuse Me** and **Thank You** every day. Greet everybody with a smile.

### Wishing you all a very enjoyable and fun-packed summer break.

## Q1. Read the passage carefully:-

Once upon a time there lived a farmer and his wife. They had a new born son. The farmer's wife wanted to have pet animals to protect the child which would also be a companion to the child. They debated and decided upon a mongoose. So they brought a mongoose and started rearing it .A couple of months later, one day the farmer and his wife wanted to go out of the house leaving the child at home. The farmer and his wife left leaving the child and the mongoose at home. The farmer's wife returned earlier and on returning home found that the mouth of the mongoose was stained with blood .She immediately thought that the mongoose had killed the child .In anger she threw a box on the mongoose. She then rushed inside to see what had happened to the child. She was surprised to see a dead snake lying in the room.
