OUR VISION

We aim to create Holistic, Humanistic and Conductive learning environment which creates global citizens who are compassionate, environmentally responsible, life Long learners who can become best expressions of themselves to contribute richly to their society by focusing on 21st Century Skills.

- To equip each child with the power of knowledge.
- To provide access to the best opportunities for higher education.
- To make learning simpler, smarter and pragmatic.
- To develop true nationalism with communal harmony.
- To enhance physical, mental and spiritual growth through perfect blend of academics, sports and culture.
- To narrow the gap between privileged and under privileged class of children in our society by providing the quality education.
- To lay foundation of Excellence.

SH. S.S. SODHI
 Director, DPS Jammu

The Four Pillars of Education

These four pillars of knowledge cannot be anchored society in one phase in a person's life or in a single place. There is a need to re-think when in people's lives education should be provided and the fields that such education should cover. The periods and fields should complement each other and be interrelated in such a way that all people can get the most out of their own specific education environment at through their lives.
